HELIUM BALLOON GAS PRICES

As prices for helium gas differ from State to State, please see the prices including delivery & pick up & including a regulator for each State

| | SYDNEY | A.C.T. | BRISBANE | MELBOURNE | ADELAIDE | |
|---------------------------|---------------|---------------|-----------------|------------------|-----------------|---------------------------|
| 100/110 Balloons | \$159 | \$159 | \$149 | \$169 | \$169 | (1 x 1.1m3 D Cylinder) |
| 275/300 Balloons | \$249 | \$249 | \$239 | \$275 | \$289 | (1 x 3.5m3 E Cylinder) |
| 550/600 Balloons | \$479 | \$479 | \$469 | \$539 | \$569 | (2 x 3.5m3 E Cylinder) |
| 750/800 Balloons | \$510 | \$510 | \$499 | \$565 | \$565 | (1 x 9.1m3 G Cylinder) |
| 1000/1100 Balloons | \$759 | \$759 | \$738 | \$840 | \$854 | (1 x 9.1m3 + 1 x 3.5m3) |

All orders come with a Regulator at no extra charge.

All prices include delivery & pick up of the Cylinders

All prices are based on a 7 day hire - rental applies for longer periods.

We supply full cylinders & we have estimated how many correctly inflated balloons you will fill with the cylinders that we supply.

If you over inflate your balloons - you will get less balloons from the cylinders.

If you under inflate your balloons - you will get more balloons from the cylinders.

Helium is an inert gas - this means it cannot sustain life - DO NOT breathe helium ever. Helium is completely safe to use, it is found naturally in our atmosphere, it will not explode or catch fire, it is inert. Balloons float with helium because helium is lighter than air, our balloons will float for between 14 and 16 hours in normal environments. We only supply and recommend helium grade quality 100% latex balloons.

We cannot supply helium balloon gas in W.A. or Tasmania, we apologise for this. We can organise delivery to most other areas in Australia for your Nationwide events. We specialise in short term rental of cylinders only, not long term rental. If your event is over one week or one month, we can certainly assist you. If you are wanting a helium tank on a permanent basis, we cannot assist you.

Our prices include: Delivery of the cylinder/s - Collection of the cylinder/s
A Regulator or Regulators with the Cylinders - G.S.T. IS INCLUDED.

Cylinders are delivered & collected Monday - Friday only.
Somebody must be at the delivery location to receive & sign for the cylinders.

Rental of \$12.95 per cylinder and \$10.95 per regulator applies if the cylinders are in your possession at the end of any calendar month.

We will explain all of the above when we confirm your order, we always show our prices, so you can make your decision 24 hours a day.

If you order online - we will always confirm the order with you prior to the order being finalised, we will call you to discuss and organise the details and payment.

Any lost cylinders or regulators must be paid for in full - you are responsible for all items delivered to you until they are collected after your rental period.
